

# ISO/IEC TR 29144:2014-07 (E)

## Information technology - Biometrics - The use of biometric technology in commercial Identity Management applications and processes

---

| <b>Contents</b>    |  | <b>Page</b> |
|--------------------|--|-------------|
| Foreword .....     |  | iv          |
| Introduction ..... |  | v           |
| <b>1</b>           | <b>Scope .....</b>   | <b>1</b>    |
| 1.1                | In scope .....   | 1           |
| 1.2                | Exclusions .....   | 1           |
| <b>2</b>           | <b>Normative references .....</b>                                    | <b>1</b>    |
| <b>3</b>           | <b>Terms and definitions .....</b>                                   | <b>1</b>    |
| <b>4</b>           | <b>Symbols and abbreviated terms .....</b>                           | <b>2</b>    |
| <b>5</b>           | <b>Biometrics and Identity Management Systems .....</b>              | <b>2</b>    |
| 5.1                | General .....  | 2           |
| 5.2                | Biometrics and identity .....  | 2           |
| 5.3                | Identity and biometric identification .....                          | 2           |
| 5.4                | Biometric identifiers .....  | 3           |
| 5.5                | Human role in biometrics .....                                       | 4           |
| 5.6                | Assuring the integrity of the database .....                         | 4           |
| <b>6</b>           | <b>Biometric considerations in Identity Management Systems .....</b> | <b>4</b>    |
| 6.1                | General .....  | 4           |
| 6.2                | Capturing and recording biometric characteristics .....              | 4           |
| 6.3                | Adhesion of biometric characteristics .....                          | 5           |
| 6.4                | Changes to name, alias and identification data .....                 | 7           |
| 6.5                | Changes of condition .....   | 7           |
| 6.6                | Biometric spoofing .....   | 7           |
| 6.7                | Legitimate use of another identity .....                             | 7           |
| 6.8                | Other exceptions .....   | 8           |
| 6.9                | Other issues of importance .....                                     | 8           |
| <b>7</b>           | <b>Implementation issues .....</b>                                   | <b>8</b>    |
| 7.1                | General .....  | 8           |
| 7.2                | Aggregation of databases .....                                       | 8           |
| 7.3                | Strengthening of token and knowledge based identity systems .....    | 9           |
| 7.4                | Restrictions to accessing data .....                                 | 9           |
| 7.5                | Privacy .....  | 9           |
| 7.6                | Mechanisms for preventing abuse of systems .....                     | 11          |
| 7.7                | Multinational commercial organizations .....                         | 11          |
| Bibliography ..... |  | 12          |
