Foreword iv

1 Scope 1

2 Conformance 1

3 Normative references 1

4 Terms and definitions 2

5 Card characteristics 2
5.1 Card warpage 2
5.2 Surface distortions 2
5.3 Card width and height 3

6 Machine readable characters 3
6.1 Character set and type font 3
6.2 Character spacing 4
6.3 Character height 4
6.4 Relief height of embossed characters 4

7 Visually readable characters 4
7.1 Character set and type font 4
7.2 Character spacing 4
7.3 Relief height of embossed characters 4

8 Assigned embossing areas 5
8.1 Identification number line 6
8.2 Name and address area 6

Annex A (informative) Pictorial representation of numeric data 7

Annex B (normative) 7 B Print specifications 8

Annex C (informative) Impact resistance test 20

Annex D (normative) Embossing with contactless integrated circuit cards 22
