|-----------------------|--|-------------|
| Foreword .....        |  | iv          |
| Introduction .....    |  | v           |
| 1                     | Scope .....  | 1           |
| 2                     | Normative references .....   | 1           |
| 3                     | Terms and definitions .....  | 1           |
| 4                     | Symbols and abbreviated terms .....                                  | 2           |
| 5                     | Reference Architecture .....   | 2           |
| 5.1                   | General .....  | 2           |
| 5.2                   | Architecture elements .....  | 3           |
| 5.2.1                 | Overview .....   | 3           |
| 5.2.2                 | Viewpoints .....   | 3           |
| 5.3                   | Context view .....   | 4           |
| 5.3.1                 | Stakeholders .....   | 4           |
| 5.3.2                 | Actors .....   | 7           |
| 5.3.3                 | Context model .....  | 12          |
| 5.3.4                 | Use case model .....   | 13          |
| 5.3.5                 | Compliance and governance model .....                                | 15          |
| 5.4                   | Functional view .....  | 16          |
| 5.4.1                 | Component model .....  | 16          |
| 5.4.2                 | Processes and services .....   | 17          |
| 5.4.3                 | Physical model .....   | 23          |
| 5.5                   | Identity management scenarios .....                                  | 23          |
| 5.5.1                 | General .....  | 23          |
| 5.5.2                 | Enterprise scenario .....  | 23          |
| 5.5.3                 | Federated scenario .....   | 23          |
| 5.5.4                 | Service scenario .....   | 24          |
| 5.5.5                 | Heterogeneous scenario .....   | 24          |
| 6                     | Requirements for the management of identity information .....        | 24          |
| 6.1                   | General .....  | 24          |
| 6.2                   | Access policy for identity information .....                         | 24          |
| 6.3                   | Functional requirements for management of identity information ..... | 25          |
| 6.3.1                 | Policy for identity information life cycle .....                     | 25          |
| 6.3.2                 | Conditions and procedure to maintain identity information .....      | 25          |
| 6.3.3                 | Identity information interface .....                                 | 26          |
| 6.3.4                 | Reference identifier .....   | 26          |
| 6.3.5                 | Identity information quality and compliance .....                    | 27          |
| 6.3.6                 | Archiving information .....  | 28          |
| 6.3.7                 | Terminating and deleting identity information .....                  | 28          |
| 6.4                   | Non-functional requirements .....                                    | 28          |
| Annex A (informative) | Legal and regulatory aspects .....                                   | 30          |
| Annex B (informative) | Use case model .....   | 31          |

|   |           |
|---|-----------|
| <b>Annex C (informative) Component model .....</b>        | <b>34</b> |
| <b>Annex D (informative) Business Process model .....</b> | <b>37</b> |
| <b>Bibliography .....</b>                                 | <b>47</b> |
