Software and Systems Engineering - Lifecycle Processes - Framework for Product Quality Achievement

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
1.1	Application	1
1.2	Audience	2
1.3	Limitations	2
2	Motivation	2
3	Terms, definitions and abbreviated terms	3
4	Quality achievement concepts	4
4.1	Overview of quality achievement	4
4.2	Guiding principles and approach	5
4.3	Localization of quality responsibility	6
4.3.1	Establishing system element requirements	6
4.3.2	Identification of process instances	8
4.4	Creation of process instance descriptions	8
4.4.1	Establishment of success criteria	8
4.4.2	Identification of detailed activities and tasks	9
4.4.3	Process instance descriptions	10
4.5	Consistency with institutional knowledge	11
4.6	Maintenance of content consistency	12
5	Required background concepts	13
5.1	System and Software Concepts	13
5.2	Life cycle concepts	13
5.3	Process concepts	14
5.4	Organizational concepts	14
5.5	Information Item Concepts	14
5.6	Notion of technical management	14
6	Context of application	14
6.1	Relationship to other standards	14
6.2	Organizational context	16
6.3	Stakeholder context	16
6.4	Stage context	16
6.5	Process context	16
6.6	Information item context	17
7	Potential process augmentations	17
7.1	Project planning process	17
7.2	Project assessment and control process	17
8	Guidelines for process augmentations	17
8.1	Project planning process	17
8.2	Project assessment and control process	18
9	Potential information item augmentations	18

9.1	Process Instance Descriptions	18
9.2	Consistency tracker	18
10	Guidelines for information item augmentations	19
10.1	Process instance descriptions	19
10.2	Consistency tracker	19
Annex A (informative)	Example: Establishing System Element Requirements	20
Annex B (informative)	Example: Creation of Process Instance Descriptions	23
Annex C (informative)	Example: Consistency Tracker	27
Annex D (informative)	Example: Process View for Specific Requirement	28
Annex E (informative)	Theoretical Foundations	34
Annex F (informative)	Example Set of Mutual Consistency Relationships	37
Bibliography		38
