

# ISO/IEC TR 30125:2016-05 (E)

## Information technology - Biometrics used with mobile devices

---

| Contents   | Page |
|--|------|
| Foreword .....   | iv   |
| Introduction .....   | v    |
| 1 Scope .....  | 1    |
| 2 Normative references .....   | 1    |
| 3 Terms and definitions .....  | 1    |
| 4 Abbreviated terms .....  | 2    |
| 5 The use of biometrics in mobile devices .....  | 2    |
| 5.1 Taxonomy of usage of biometrics in mobile devices .....  | 2    |
| 5.1.1 General .....  | 2    |
| 5.1.2 Generic considerations for all use cases .....   | 2    |
| 5.1.3 Access to the device .....   | 4    |
| 5.1.4 Access to the local applications, services and/or data .....   | 4    |
| 5.1.5 Access to the communications channel .....   | 5    |
| 5.1.6 Verification/authentication of, or to, a remote resource or point of transaction .....                     | 5    |
| 5.2 Generic challenges in the integration of biometrics in mobile devices .....                                  | 6    |
| 5.2.1 Computational power .....  | 6    |
| 5.2.2 Data protection and privacy .....  | 6    |
| 5.2.3 Biometric sample capture .....   | 8    |
| 5.2.4 Sample authentication process .....  | 9    |
| 5.2.5 Usability .....  | 10   |
| 5.2.6 Solution testing .....   | 12   |
| 5.2.7 Challenges common to other scenarios and platforms .....   | 12   |
| 6 Biometrics services within the OS of the mobile device .....   | 13   |
| 7 Biometric services at the application level in a mobile device .....   | 15   |
| 8 Biometric application development [using the biometric engine(s) provided] .....                               | 16   |
| 9 Functional and operational guidance .....  | 20   |
| 9.1 General guidance .....   | 20   |
| 9.1.1 Guidance on functional architecture .....  | 20   |
| 9.1.2 Guidance on environmental conditions and constraints .....   | 20   |
| 9.2 Guidance for enrolment .....   | 20   |
| 9.2.1 General guidance for enrolment .....   | 20   |
| 9.2.2 Supervised enrolment .....   | 21   |
| 9.2.3 Unsupervised enrolment .....   | 21   |
| 9.3 Guidance for authentication .....  | 22   |
| 9.3.1 Remote unsupervised authentication .....   | 22   |
| 9.3.2 Local unsupervised authentication .....  | 23   |
| 10 Use of multi-factor authentication .....  | 23   |
| 10.1 Fusion and scores for multi-biometrics .....  | 23   |
| 10.2 Combining biometric and non-biometric authentication techniques for greater security and/or usability ..... | 24   |

|                    |   |    |
|--------------------|---|----|
| 11                 | Biometricmodalityspecificguidance ..... | 24 |
| Bibliography ..... |   | 27 |
