|--------------------|---|-------------|
| Foreword .....     |   | v           |
| Introduction ..... |   | vi          |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....                          | 1           |
| 3                  | Terms and definitions .....                         | 1           |
| 4                  | Requirements .....                                  | 3           |
| 4.1                | Tolerances .....                                    | 3           |
| 4.2                | Job information requirements (job ticket) .....     | 3           |
| 4.3                | Incoming goods inspection .....                     | 4           |
| 4.3.1              | General .....                                       | 4           |
| 4.3.2              | Presentation .....                                  | 4           |
| 4.3.3              | Package identification .....                        | 4           |
| 4.3.4              | Storage and handling .....                          | 4           |
| 4.3.5              | Temperature and humidity adaption .....             | 4           |
| 4.3.6              | Size and squareness tolerance (sheets) .....        | 4           |
| 4.4                | Intermediate product requirements .....             | 5           |
| 4.4.1              | Presentation .....                                  | 5           |
| 4.4.2              | Grain direction .....                               | 5           |
| 4.4.3              | Size and squareness tolerance .....                 | 6           |
| 4.4.4              | Marks .....   | 6           |
| 4.4.5              | Registration .....                                  | 7           |
| 4.4.6              | Layout .....  | 8           |
| 4.5                | Processing requirements .....                       | 8           |
| 4.5.1              | Temperature and humidity adaptation .....           | 8           |
| 4.5.2              | Processing information .....                        | 8           |
| 4.5.3              | Identification on the product .....                 | 9           |
| 4.5.4              | Envelope or foil enclosing .....                    | 9           |
| 4.5.5              | Static electricity .....                            | 9           |
| 4.5.6              | Allowances .....                                    | 9           |
| 4.5.7              | Quality control .....                               | 9           |
| 5                  | Operating and testing environments .....            | 10          |
| 5.1                | Temperature and humidity .....                      | 10          |
| 5.1.1              | General .....                                       | 10          |
| 5.1.2              | Device .....  | 10          |
| 5.1.3              | Laboratory test environment .....                   | 10          |
| 5.1.4              | Customer-specified environment .....                | 10          |
| 5.1.5              | General controlled workshop/factory condition ..... | 10          |
| 5.1.6              | Ambient condition .....                             | 10          |
| 5.2                | Air disruption .....                                | 11          |
| 5.3                | Illumination .....                                  | 11          |
| 5.4                | Cleanness .....                                     | 11          |
| 6                  | Inspection and measurement requirements .....       | 11          |
| 6.1                | Check and inspection frequency .....                | 11          |
| 6.1.1              | Items to be checked .....                           | 11          |

|  |  |    |
|--|--|----|
| 6.1.2  | Inspection frequency .....                             | 11 |
| 6.2  | Measurement .....                                      | 11 |
| 6.2.1  | General .....  | 11 |
| 6.2.2  | Temperature and humidity .....                         | 11 |
| 6.2.3  | Records .....  | 12 |
| 7  | Packing, storage and transportation requirements ..... | 12 |
| 7.1  | Packing .....  | 12 |
| 7.1.1  | Packing of intermediate products .....                 | 12 |
| 7.1.2  | Packing of final products .....                        | 13 |
| 7.2  | Storage .....  | 13 |
| 7.3  | Transportation .....                                   | 13 |
| Annex A (informative) Arrangement of control elements and printing finishing information ..... |  | 14 |
| Annex B (informative) Sampling inspection .....  |  | 16 |
| Bibliography .....   |  | 17 |
