## Identification cards - Optical memory cards - Holographic recording method - Part 3: Optical properties and characteristics

---

| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| Introduction ..... |   | v           |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....                          | 1           |
| 3                  | Terms and definitions .....                         | 1           |
| 4                  | Reading/writing test conditions .....               | 2           |
| 4.1                | Test methods .....                                  | 2           |
| 4.2                | Default test environment and conditioning .....     | 2           |
| 5                  | Optical properties and characteristics .....        | 2           |
| 5.1                | Surface roughness/scattering .....                  | 2           |
| 5.2                | Reflectivity of blank accessible optical area ..... | 2           |
| 5.2.1              | Spatial resolution .....                            | 2           |
| Bibliography ..... |   | 3           |
