## Information technology - Learning, education and training - Learning environment components for automated contents adaptation

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Learning environment profile .....	2
4.1	Components .....	2
4.1.1	Common characteristics (CommonCharacteristics) .....	2
4.1.2	Hardware platform (HardwarePlatform) .....	3
4.1.3	Software platform (SoftwarePlatform) .....	3
4.1.4	Network characteristics (NetworkCharacteristics) .....	3
4.1.5	User agent (UserAgent) .....	3
4.1.6	Usage environment (UsageEnvironment) .....	3
4.2	Attribute .....	3
4.3	Resolution rule .....	3
4.4	Data type .....	4
4.5	Learning environment profiles .....	4
4.5.1	Common characteristics .....	4
4.5.2	Hardware platform .....	5
4.5.3	Software platform .....	6
4.5.4	Network characteristics .....	6
4.5.5	User agent .....	6
4.5.6	Environment of use .....	7
4.6	Schema definition rule .....	7
5	Learning environment group profile .....	8
5.1	General concept .....	8
5.1.1	Group .....	8
5.1.2	Group producer .....	8
5.1.3	Group name .....	8
5.2	Group component .....	8
5.3	Group attribute .....	9
5.3.1	Data type .....	9
5.3.2	Value .....	9
5.4	Profile and relationship .....	9
5.5	Relationship between profile groups .....	9
Bibliography .....		11
