

DIN CEN/TS 17261:2019-03 (E)

Biometric authentication for critical infrastructure access control - Requirements and Evaluation; English version CEN/TS 17261:2018

| Contents | Page |
|--------------------------------------------------------------------------------------------------------------|-------------|
| European foreword..... | 3 |
| Introduction | 4 |
| 1 Scope..... | 5 |
| 2 Normative references..... | 5 |
| 3 Terms and definitions..... | 6 |
| 4 Symbols and abbreviations | 8 |
| 5 Conformance..... | 8 |
| 6 Typical use-case..... | 8 |
| 7 Requirements and recommendations..... | 9 |
| 7.1 General..... | 9 |
| 7.2 Design..... | 9 |
| 7.2.1 General..... | 9 |
| 7.2.2 Protection of access to biometric server, biometric data and functions of the biometric subsystem..... | 9 |
| 7.2.3 Operator/Administrator control and authentication..... | 9 |
| 7.2.4 Door unit | 10 |
| 7.2.5 Biometric enrolment, re-enrolment and deletion | 10 |
| 7.2.6 Biometric recognition | 10 |
| 7.3 Operation | 10 |
| 7.3.1 General..... | 10 |
| 7.3.2 Identity assurance for enrolment | 10 |
| 7.3.3 Enrolment process..... | 10 |
| 7.3.4 Fallback authentication | 11 |
| 7.4 Technical performance | 11 |
| 7.4.1 General..... | 11 |
| 7.4.2 Failure to enrol rate | 11 |
| 7.4.3 Enrolment transaction duration..... | 11 |
| 7.4.4 False accept rate..... | 11 |
| 7.4.5 False reject rate | 12 |
| 7.4.6 Verification transaction duration | 12 |
| 7.5 Attack resistance | 12 |
| 7.5.1 General..... | 12 |
| 7.5.2 Resistance to tamper | 12 |
| 7.5.3 Resistance to presentation attack..... | 13 |
| 7.6 Performance and attack resistance requirements | 13 |
| 8 Testing and reporting..... | 14 |
| 8.1 System information and documentation..... | 14 |
| 8.2 Configuration of system for testing | 14 |
| 8.2.1 Scenario AACS..... | 14 |
| 8.2.2 Configuration of biometric systems under test..... | 15 |
| 8.3 Outline of test processes..... | 15 |
| 8.3.1 Pretesting..... | 15 |
| 8.3.2 Scenario performance evaluation..... | 15 |
| 8.3.3 Attack resistance evaluation..... | 17 |
| Bibliography..... | 18 |

| | | |
|--------------|---------------------------------------------|-----------|
| 8.3 | Outline of test processes..... | 15 |
| 8.3.1 | Pretesting..... | 15 |
| 8.3.2 | Scenario performance evaluation..... | 15 |
| 8.3.3 | Attack resistance evaluation..... | 17 |
