

ISO/TS 19303-1:2020 (E)

Graphic technology — Guidelines for schema writers — Part 1: Packaging printing

Contents

	Foreword
	Introduction
1	Scope
2	Normative references
3	Terms and definitions
4	Principles
4.1	General
4.2	Example of guidelines associated with specific tasks
4.3	Consumer product company (CPC)
4.4	Designer, comp house and photographer
4.5	Pre-media
4.6	Printer
4.7	Reporting by printer or converter
5	Basic support guidelines
5.1	Applicable printing standard examples
5.2	Colour definition
5.2.1	Digital file format
5.3	Colour reproduction
5.4	Incoming material verification
5.5	Colour conformity
6	Additional applicable standards
6.1	Measuring conditions and special metamerism index
6.2	Viewing, illumination and visual sensory assessment
6.2.1	General
6.2.2	Printing conformity assessment requirements
6.2.2.1	General
6.2.2.2	Preparation
6.2.2.3	Selecting the standards
6.2.2.4	Site audit
6.2.2.5	Determination
6.2.2.6	Statement of conformity
6.2.2.7	Surveillance
6.2.2.8	Certification of analysis or conformance
Annex A	(informative) Flexography — Specifics
A.1	General
A.2	Digitally imaged photopolymer plates
A.2.1	General
A.2.2	Mask imaging inspection
A.3	Plate processing and evaluation
A.4	Pressroom process control
A.4.1	Cylinder inspection — Parallelism
A.4.2	Balancing rolls and cylinders
A.4.3	Anilox roll inspection
A.4.3.1	General
A.4.3.2	Anilox roll inspection procedures

A.4.4 Anilox roll maintenance

Annex B (informative) Gravure — Specifics

- B.1 Gravure cylinder**
- B.1.1 General**
- B.1.2 Cylinder characteristics**
- B.1.2.1 General**
- B.1.2.2 Electromechanical engraving**
- B.1.2.3 Indirect autotypical/laser engraving**
- B.1.2.4 Direct laser engraving**
- B.1.3 Automation in cylinder production**
- B.1.4 Cylinders printing proof**
- B.2 Cylinder inspection**
- B.3 Image inspection**
- B.4 Web and substrate**
- B.5 Impression rollers**
- B.6 Ink supply**
- B.7 Ink viscosity control**
- B.8 Doctor blade**
- B.9 Electrostatic printing assist (ESA)**
- B.10 Hot air dryer**

Annex C (informative) Offset — Specifics (Example)

- C.1 Devices and protocol**
- C.2 Plate process control**
- C.3 Press maintenance**
- C.4 Press set up**
- C.5 Materials**

Annex D (informative) Packaging digital specifications

- D.1 General**
- D.1.1 Overview**
- D.1.2 Process control vs. product control**
- D.1.3 Digital printing technologies**
- D.1.4 Use cases**
- D.1.5 Substrates**
- D.1.6 Digital front ends (DFE)**
- D.1.6.1 General**
- D.1.6.2 Use of PDF/X**
- D.1.6.3 Pre-flight**
- D.1.6.4 Spot colour emulation**
- D.1.7 Evaluation of printed matters**
- D.1.8 Metamerism**
