

DIN CEN/TS 17631:2021-08 (E)

Personal identification - Biometric group access control; English version CEN/TS
17631:2021

Inhalt	Seite
European foreword	3
Introduction.....	4
1 Scope	5
2 Normative references	5
3 Terms and definitions.....	6
4 Symbols and abbreviations.....	6
5 Group access control processes and technologies.....	6
5.1 Architecture.....	6
5.1.1 General	6
5.1.2 Biometric process and background integration	7
5.1.3 Segregated two steps access control.....	9
5.2 Integration of Access Control into other management systems.....	11
5.3 Applicable biometric technologies.....	11
5.3.1 General	11
5.3.2 Segregated two steps access control.....	12
5.4 Interoperability issues	12
5.5 Storage of reference data.....	12
5.5.1 General	12
5.5.2 Segregated two steps access control.....	13
5.6 Biometric performance and error rates.....	13
6 Accessibility, usability, and guidance.....	14
6.1 General	14
6.2 Accessibility.....	14
6.3 Usability	14
6.4 Guidance	14
6.5 Segregated two steps access control.....	15
7 Privacy and security considerations	15
7.1 Privacy	15
7.1.1 General	15
7.1.2 Segregated two steps access control.....	15
7.2 Presentation attack detection.....	16
7.3 Group internal linkage.....	16
Annex A (informative) Example for need of group internal linkage: Human being trafficking.....	17
A.1 Background.....	17
A.2 Detection of illegal activities in a two step travel application	17
Bibliography	18
