## Information technology — Coded representation of immersive media — Part 6: Immersive media metrics

---

### Contents

	Foreword
	Introduction
1	Scope
2	Normative references
3	Terms and definitions
4	Abbreviated terms
5	Arithmetic operators and mathematical functions
6	Immersive media metrics client reference model
6.1	Overview
6.2	Definition of observation points
6.2.1	General
6.2.2	Observation point 1
6.2.3	Observation point 2
6.2.4	Observation point 3
6.2.5	Observation point 4
6.2.6	Observation point 5
7	Metrics
7.1	General
7.2	Rendered FOV set metric
7.3	Display information set metric
7.4	Rendered viewports metric
7.5	Comparable quality viewport switching latency metric
8	Metric measurement process
8.1	General
8.2	Rendered viewport measurement
8.3	Comparable quality viewport switching latency measurement
Annex A	(informative) Illustration of implementation
A.1	General
A.2	Rendered viewport cluster
A.3	Rendered viewport filtering
A.4	Viewport quality
A.5	Comparable quality viewport switching latency measurement
