ISO/IEC 19075-2:2021-08 (E)

Information technology - Guidance for the use of database language SQL - Part 2: Time-related information

Contents

Page

Foreword . . . vi

Introduction . . . viii

1 Scope . . . 1

2 Normative references . . . 2

3 Terms and definitions . . . 3

4 Time-related data types, constructs, operators, and predicates . . . 4

4.1 Context of time-related specifications . . . 4

4.2 Datetime types . . . 4

4.3 DateTime literals . . . 6

4.4 Interval types . . . 7

4.5 Interval literals . . . 8

4.6 Periods . . . 9

4.7 Operations involving datetimes and intervals . . . 10

4.8 Time-related predicates . . . 10

4.8.1 Overlaps predicate . . . 10

4.8.2 Period predicates . . . 11

5 Time-related tables . . . 14

5.1 Introduction to time-related tables . . . 14

5.2 Application-time period tables . . . 14

5.2.1 Introduction to application-time period tables . . . 14

5.2.2 Extensions to primary key / unique constraints . . . 14

5.2.3 Extensions to referential constraints . . . 15

5.2.4 Inserting rows into tables containing an application-time period definition . . . 18

5.2.5 Updating rows of tables containing an application-time period definition . . . 18

5.2.6 Updating the table between specific points in time . . . 19

5.2.7 Deleting rows from tables containing an application-time period definition . . . 22

5.2.8 Deleting rows between specific points in time . . . 22

5.2.9 Querying tables containing a period definition . . . 24

5.2.10 Adding a period definition to a table . . . 25

5.3 System-versioned tables . . . 26

5.3.1 Introduction to system-versioned tables . . . 26

5.3.2 Primary key and referential constraints . . . 27

5.3.3 Updating rows in system-versioned tables . . . 28

5.3.4 Deleting rows in system-versioned tables . . . 29

5.3.5 Querying system-versioned tables . . . 29

5.4 Bi-temporal tables . . . 30

Bibliography . . . 32

Index . . . 33

Table

Page

1 Fields in datetime values. . . . 4
2 Mapping of datetime fields to datetime data types. . . . 5
3 Examples of the datetime data types. . . . 6
4 Examples of datetime literals. . . . 6
5 Fields in year-month INTERVAL values. . . . 7
6 Fields in day-time INTERVAL values. . . . 7
7 Examples of day-time INTERVAL values. . . . 8
8 Examples of interval literals. . . . 8
9 Valid operators involving datetimes and intervals. . . . 10
10 Example data table emp for primary key with application-time period. . . . 15
11 Example data table dept for foreign key with application-time period. . . . 16
12 Example data table emp for foreign key with application-time period. . . . 16
13 Content of table emp after insert with application-time period. . . . 18
14 Content of table emp before updating a row. . . . 18
15 Content of table emp after updating a row. . . . 19
16 Content of table emp before updating the application-time period of a row. . . . 19
17 Content of table emp after updating the application-time period of a row. . . . 19
18 Content of table emp before updating a row for an inner part of a period. . . . 20
19 Content of table emp after updating a row for an inner part of a period. . . . 20
20 Content of table emp before updating a row for all of a period. . . . 20
21 Content of table emp after updating a row for all of a period. . . . 21
22 Content of table emp before updating the edge of a period of a row. . . . 21
23 Content of table emp after updating the edge of a period of a row. . . . 21
24 Content of table emp before deleting an inner part of a period. . . . 22
25 Content of table emp with application-time period after deleting an inner part of a period. . . . 23
26 Content of table emp with application-time period before deleting a row. . . . 23
27 Content of table emp before deleting an edge of a period. . . . 23
28 Content of table emp after deleting an edge of a period. . . . 24
29 Content of system-versioned table emp before updating a row. . . . 28
30 Content of system-versioned table emp after updating a row. . . . 28
31 Content of system-versioned table emp before deleting a row. . . . 29
32 Content of system-versioned table emp after deleting a row. . . . 29
