| Foreword .....     |  | v           |
| Introduction ..... |  | vi          |
| 1                  | Scope .....  | 1           |
| 2                  | Normative references .....   | 1           |
| 3                  | Terms and definitions .....  | 2           |
| 3.1                | Attack elements .....  | 2           |
| 3.2                | Metrics .....  | 3           |
| 3.3                | Test roles .....   | 5           |
| 4                  | Abbreviated terms .....  | 6           |
| 5                  | Conformance .....  | 7           |
| 6                  | Presentation attack detection (PAD) overview .....                                   | 7           |
| 7                  | Levels of evaluation of PAD mechanisms .....   | 8           |
| 7.1                | Overview .....   | 8           |
| 7.2                | General principles of evaluation of PAD mechanisms .....                             | 9           |
| 7.3                | PAD subsystem evaluation .....   | 9           |
| 7.4                | Data capture subsystem evaluation .....  | 10          |
| 7.5                | Full system evaluation .....   | 10          |
| 8                  | Artefact properties .....  | 11          |
| 8.1                | Properties of PAIs in biometric impostor attacks .....                               | 11          |
| 8.2                | Properties of PAIs in biometric concealer attacks .....                              | 12          |
| 8.3                | Properties of synthesized biometric samples with abnormal characteristics .....      | 12          |
| 9                  | Considerations in non-conformant capture attempts of biometric characteristics ..... | 13          |
| 9.1                | Methods of presentation .....  | 13          |
| 9.2                | Methods of assessment .....  | 13          |
| 10                 | Artefact creation and usage in evaluations of PAD mechanisms .....                   | 13          |
| 10.1               | General .....  | 13          |
| 10.2               | Artefact creation and preparation .....  | 13          |
| 10.3               | Artefact usage .....   | 14          |
| 10.4               | Iterative testing to identify effective artefacts .....                              | 15          |
| 11                 | Process-dependent evaluation factors .....   | 15          |
| 11.1               | Overview .....   | 15          |
| 11.2               | Evaluating the enrolment process .....   | 15          |
| 11.3               | Evaluating the verification process .....  | 16          |
| 11.4               | Evaluating the identification process .....  | 16          |
| 11.5               | Evaluating offline PAD mechanisms .....  | 17          |
| 12                 | Evaluation using Common Criteria framework .....                                     | 17          |
| 12.1               | General .....  | 17          |
| 12.2               | Common Criteria and biometrics .....   | 18          |
