ISO/IEC 5394:2024-01 (E)

Information technology - Criteria for concept systems

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Abbreviations **5**
4.1 Abbreviations relating to terminology 5
4.2 Abbreviations relating to computing 5

5 Requirements for a concept system **5**
5.1 Overview 5
5.2 Components of a concept system 6
5.2.1 General 6
5.2.2 Concepts 6
5.2.3 Concept relations 7
5.2.4 Terms 7
5.2.5 Definitions 7
5.3 Principles for forming concept systems 7
5.3.1 General 7
5.3.2 Human and computer readability 8
5.3.3 Comprehensiveness 8
5.3.4 Clarity 8
5.3.5 Extensibility 8
5.3.6 Stability 8
5.3.7 Retrievability 8
5.3.8 Standardization 8
5.4 Representations 8
5.5 Level of structure 9
5.6 Relations between concept systems and vocabularies 10
5.7 Concept system management 11
5.7.1 Developing concept systems 11
5.7.2 Management of concept systems 11
5.7.3 Integration of concept systems 11

Annex A (informative) **Examples of representing various forms of concept systems** **12**

Annex B (informative) **Relationship to ISO/IEC 11179 and other JTC 1/SC 32/WG 2 standards** **20**

Bibliography **22**
