Information technology - Semantic metadata support in office documents

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Document semantic metadata 1

5 Office document communities 2

6 Typical use cases 2
6.1 Themes 2
6.1.1 Information discovery and retrieval 2
6.1.2 Document organization and presentation 3
6.1.3 Document content analysis and processing 3
6.1.4 Long-term document preservation 4
6.2 General questions to consider 5

7 Representation of semantic metadata 5

8 Metadata used in office documents 6

9 Storing metadata in OOXML/ODF 8

10 Associating semantic metadata with content in OOXML/ODF 10

11 Application examples 11

12 Future work on document format standards 14
