Foreword iv

Introduction v

1 Scope 1

2 Conformance 2

3 Normative references 3

4 Terms and definitions 3

5 Requirements for COTS software product 4
5.1 Requirements for product description 4
5.2 Requirements for user documentation 8
5.3 Quality requirements for software 9

6 Requirements for test documentation 12
6.1 General Requirements 12
6.2 Requirements for the test plan 12
6.3 Requirements for the testing description 14
6.4 Requirements for the test results 15

7 Instructions for conformity evaluation 16
7.1 General Principles 16
7.2 Conformity evaluation pre-requisites 16
7.3 Conformity evaluation activities 16
7.4 Third-party conformity evaluation process 17
7.5 Conformity evaluation report 17
7.6 Follow up conformity evaluation 18

Annex A (informative) Definitions from others standards 19

Annex B (informative) Guidance for application of cots software product in business or safety critical applications 22
