Information and documentation - Records management processes - Metadata for records - Part 1: Principles

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Records management metadata	2
5	Perspectives and purpose of records management metadata	3
5.1	Purpose and benefits of records management metadata	3
5.2	Records management metadata that should be applied in an organization	4
5.2.1	General	4
5.2.2	Metadata at the point of record capture	4
5.2.3	Metadata after record capture	5
6	Roles and responsibilities	5
7	Records management metadata in relation to other metadata areas	6
7.1	General	6
7.2	Metadata for e-business	6
7.3	Metadata for preservation	6
7.4	Metadata for resource description	6
7.5	Metadata for resource discovery	7
7.6	Metadata for rights management	7
7.7	Metadata for sustainability across system boundaries	7
8	Management of metadata	7
8.1	General	7
8.2	Levels of application of metadata	7
8.3	Points throughout the existence of records when metadata should be created and applied	8
8.4	Processes of metadata management	8
8.4.1	General	8
8.4.2	Defining policies and methods	8
8.4.3	Creating and maintaining metadata	8
8.4.4	Creating and maintaining structures for managing metadata	8
8.4.5	Determining when and how metadata should be captured	9
8.4.6	Documenting and enforcing standard definitions	9
8.4.7	Access to metadata	9
8.4.8	Storing metadata	9
8.4.9	Description	9
8.4.10	Maintenance of metadata	10
8.5	Metadata structures	10
8.6	Role of systems	11
9	Types of metadata required to support ISO 15489-1	11
9.1	Introduction to metadata types	11

9.2	Metadata about records	12
9.2.1	Metadata about records at the point of record capture	12
9.2.2	Metadata about records after record capture	13
9.2.3	Metadata supporting the accessibility of records	13
9.2.4	Metadata supporting the security of records	14
9.3	Metadata about the business rules, policies and mandates	15
9.3.1	Metadata about business rules, policies and mandates at the point of record capture	15
9.3.2	Metadata about business rules, policies and mandates after record capture	16
9.4	Agent metadata	16
9.4.1	Agent metadata at point of record capture	16
9.4.2	Metadata about agents after record capture	17
9.5	Business process metadata	17
9.5.1	Business process metadata at point of record capture	17
9.5.2	Metadata about business processes after record capture	18
9.6	Metadata about records management processes	18
9.6.1	Metadata about records management processes at the point of record capture.18	9.6.2
	Metadata about records management processes after record capture	19
