Foreword ... **vi**

Introduction ... **vii**

1 Scope ... **1**

2 Normative references ... **1**

3 Terms and definitions ... **1**

4 Preservation in collections management ... **5**
4.1 Collections management practices ... 5
4.1.1 General ... 5
4.1.2 Training of staff ... 6
4.1.3 Training of external users ... 6
4.2 Preservation policy ... 6
4.2.1 General ... 6
4.2.2 Documenting policies and procedures ... 6
4.2.3 Record and transfer of ownership ... 7
4.2.4 Ownership marking ... 7
4.3 Preservation planning ... 9
4.3.1 General ... 9
4.3.2 Avoidance of hazards ... 9
4.3.3 Preservation risk management cycle ... 10
4.3.4 Documentation for preservation planning ... 11
4.4 Emergency preparedness and response plan for collections ... 12
4.4.1 General ... 12
4.4.2 Emergency preparedness plan ... 12
4.5 Security of archive and library collections ... 12
4.5.1 General ... 12
4.5.2 Security plan ... 13
4.5.3 Security during transport and loan ... 13
4.5.4 Documentation of loans and transfers ... 14

5 Collections storage preservation environment ... **14**
5.1 Overview ... 14
5.2 Managing the collections storage preservation environment ... 14
5.2.1 General ... 14
5.2.2 Monitoring the environment ... 14
5.2.3 Controlling light exposure ... 15
5.3 Preventive environmental measures ... 15
5.3.1 General ... 15
5.3.2 Exclude exterior sources of pollution ... 15
5.3.3 Manage internal sources of pollution ... 16
5.4 Integrated pest management ... 16
5.4.1 General ... 16
5.4.2 Preventing pest infestation ... 16
5.5 Cleaning of collections storage areas ... 17
5.6 Time out of storage ... 18
5.7 Other environments for collections ... 18

6 Shelving for archive and library collections ... **19**
6.1 Shelf planning ... 19
6.1.1 General ... 19
6.1.2 Basic recommendations for shelving ... 19
6.1.3 Arrangement of runs ... 21
6.1.4 Gangways and aisles ... 21
6.1.5 Materials used in shelving ... 21
6.2 Shelf design ... 22

6.2.1 General 22
6.2.2 Uprights 22
6.2.3 Access 22
6.2.4 Bracing 22
6.3 Mobile shelving 23
6.3.1 Construction 23
6.3.2 Movement of runs 23
6.3.3 Stability 24
6.3.4 Load warning notices and shelf usage 24
6.3.5 Fire control 25
6.4 Storage for oversize documents 25
6.4.1 General 25
6.4.2 Storage area 25
6.4.3 Risk of strain and distortion 25
6.4.4 Unrolled horizontal storage 25
6.4.5 Cabinets for oversized documents 25
6.4.6 Vertical storage for oversized documents 26
6.5 Rolled documents 26
6.5.1 General 26
6.5.2 Cantilever shelving 26
6.6 Oversize or heavy-bound volumes 27
6.7 Cupboards and chests 27

7 Collections maintenance 27
7.1 General 27
7.2 Packaging paper, parchment, bound volumes and other traditional archive and library collections 28
7.2.1 General 28
7.2.2 Loose sheets 29
7.2.3 Oversize documents 29
7.2.4 Rolled documents 29
7.2.5 Other traditional archive collections 30
7.2.6 Bound volumes 30
7.2.7 Seals and lead bullae 30
7.3 Packaging of analogue photographic material and audiovisual media 31
7.3.1 Paper-based photographs 31
7.3.2 Glass plate negatives and slides 31
7.3.3 Photographic sheet film negatives 31
7.3.4 Microfilm 32
7.3.5 Moving image film 32
7.4 Machine-readable documents 33
7.4.1 General 33
7.4.2 Magnetic media 33
7.4.3 Gramophone records 34
7.4.4 Sound cylinders 34
7.5 Electronic media 35
7.5.1 General 35
7.5.2 Optical discs 35

8 Treatments and reformatting 36
8.1 General 36
8.2 Mould removal 37
8.3 Disinfestation of collections 37
8.4 Deacidification of paper 38
8.5 Paper strengthening 38
8.6 Binding 38
8.7 Reformatting 38
8.7.1 General 38
8.7.2 Digitization 38

8.7.3 Digitized archive and library collections 39
8.7.4 Photocopying 40
8.7.5 Microfilming 40
Annex A (informative) **Packaging enclosures and materials** **41**
Annex B (informative) **Exhibition of archives and library collections** **48**
Bibliography **53**
