DIN SPEC 30752-1:2015-12 (E)

Refuse collection vehicles - Environmental efficiency - Part 1: Requirements on the test procedure for fuel consumption at the coll ection area

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Minimum requirements 6
4.1 Refuse collection vehicle (test vehicle) 6
4.2 Load simulation 6
4.3 Environmental conditions 6
4.4 Test circuit 6
4.5 Test bench 6

5 Procedure 6
5.1 On the test track 6
5.2 On the test bench 7
5.2.1 General 7
5.2.2 Driving cycle on the test bench 7
5.2.3 Working cycle on the test bench 7

Annex A (informative) Sample Data acquisition sheet, fuel consumption measuring 12

Annex B (informative) Example of a switching diagram for load simulation components 15
