Aircraft ground equipment - De-icers - Functional requirements

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 2

4 Requirements 2
4.1 General 2
4.2 Functions 3
4.3 Vehicle 4
4.4 Aerial device 5
4.5 Fluids system 6
4.6 Controls 6
4.7 Mobility and stability 7
4.8 Personnel protection 8
4.9 Emergency 8

5 Information for use 9
5.1 Manufacturer's instructions 9
5.2 Markings 9

6 Options 9
6.1 General 9
6.2 Fluid heater 9
6.3 Fluid mixing system 10
6.4 Spraying boom 10
6.5 Fire extinguishing system 10
6.6 One person operation 10

7 Quality assurance 10
7.1 Manufacturer's quality assurance 10
7.2 User's quality assurance 11

Annex A (informative) Toxicological aspects of using de-icing/anti-icing equipment 12

Annex B (informative) Environmental aspect of de-icing/anti-icing at airports 16
