Aircraft ground equipment - De-icers - Functional requirements

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	2
4	Requirements	2
4.1	General	2
4.2	Functions	3
4.3	Vehicle	4
4.4	Aerial device	5
4.5	Fluids system	6
4.6	Controls	6
4.7	Mobility and stability	7
4.8	Personnel protection	8
4.9	Emergency	8
5	Information for use	9
5.1	Manufacturer's instructions	9
5.2	Markings	9
6	Options	9
6.1	General	9
6.2	Fluid heater	9
6.3	Fluid mixing system	10
6.4	Spraying boom	10
6.5	Fire extinguishing system	10
6.6	One person operation	10
7	Quality assurance	10
7.1	Manufacturer's quality assurance	10
7.2	User's quality assurance	11
Annex A (informative) Toxicological aspects of using de-icing/anti-icing equipment		12
Annex B (informative) Environmental aspect of de-icing/anti-icing at airports		16
