Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Classification 1

4 Requirements 2
4.1 Qualification 2
4.2 Materials 2
4.3 Design and manufacture 5
4.4 Surface protection and colour identification 6
4.5 Marking 7
4.6 Performance 7
4.7 Workmanship 9

5 Quality assurance provisions 10
5.1 Responsibility for inspection 10
5.2 Inspection lot 10
5.3 Classification of inspections and tests 10
5.4 Quality control records 11
5.5 Quality conformance inspection procedures 12
5.6 Test conditions 12

6 Preparation for delivery 16
6.1 Cleaning 16
6.2 Preservative material 16
6.3 Packaging 16
6.4 Package identification 16
6.5 Packing for shipment 16
6.6 Inspection 16

Annex A (informative) Equivalent materials and processes 17
