ISO 24568:2021 (E)

Aerospace — Metric series pipe coupling 8°30' up to 28 000 kPa dynamic beam seal — Technical specification

Contents

Foreword

1 Scope

2 Normative references

3 Terms and definitions

- 3.1 Coupling
- 3.2 Surface defects
- 3.3 Quality assurance

4 Symbols

5 Requirements, inspection and test methods

- 5.1 Test conditions and preparation of specimens for qualification
- 5.1.1 General
- 5.1.2 Tests fluids
- 5.1.3 Specimen preparation
- 5.1.4 Pipe assembly

6 Quality assurance

- 6.1 Product qualification
- 6.2 Quality control records
- 6.3 Acceptance conditions
- 6.4 Rejection
- 6.5 Purchaser’s (user’s) quality control

7 Preparation for delivery

- 7.1 Cleaning
- 7.2 Preservation and packaging

Annex A (normative) Production batch identification

- A.1 General
- A.2 Records
- A.3 Example of batch identification
