

# ISO 14625:2023-01 (E)

## Space systems - Ground support equipment for use at launch, landing or retrieval sites - General requirements

---

| <b>Contents</b>   |  | <b>Page</b> |
|---|--|-------------|
| <b>Foreword</b> .....   |  | <b>vi</b>   |
| <b>Introduction</b> .....   |  | <b>vii</b>  |
| <b>1 Scope</b> .....  |  | <b>1</b>    |
| <b>2 Normative references</b> .....                                 |  | <b>1</b>    |
| <b>3 Terms and definitions, symbols and abbreviated terms</b> ..... |  | <b>2</b>    |
| 3.1 Terms and definitions.....                                      |  | 2           |
| 3.2 Symbols and abbreviated terms.....                              |  | 4           |
| <b>4 General</b> .....  |  | <b>4</b>    |
| <b>5 Functional designations</b> .....                              |  | <b>4</b>    |
| 5.1 General.....  |  | 4           |
| 5.2 Servicing GSE.....  |  | 5           |
| 5.3 Checkout and test GSE.....                                      |  | 5           |
| 5.4 Handling and transportation GSE.....                            |  | 5           |
| 5.5 Auxiliary GSE.....  |  | 5           |
| 5.6 Umbilical GSE.....  |  | 5           |
| <b>6 Characteristics</b> .....                                      |  | <b>5</b>    |
| 6.1 Performance characteristics.....                                |  | 5           |
| 6.1.1 Operability.....  |  | 5           |
| 6.1.2 Interfaces.....   |  | 5           |
| 6.1.3 Producibility.....  |  | 5           |
| 6.2 Physical characteristics.....                                   |  | 6           |
| 6.2.1 Limited life.....   |  | 6           |
| 6.2.2 Useful life.....  |  | 6           |
| 6.2.3 Protective coating.....                                       |  | 6           |
| 6.2.4 Colours.....  |  | 6           |
| 6.2.5 Metric system.....  |  | 6           |
| 6.2.6 Redundancy.....   |  | 6           |
| 6.3 Reliability.....  |  | 6           |
| 6.4 Maintainability.....  |  | 7           |
| 6.5 Environmental conditions.....                                   |  | 7           |
| 6.5.1 General.....  |  | 7           |
| 6.5.2 Natural environment.....                                      |  | 7           |
| 6.5.3 Launch-induced environment.....                               |  | 7           |
| 6.5.4 Controlled interior environment.....                          |  | 7           |
| 6.5.5 Controlled clean environment.....                             |  | 7           |
| 6.5.6 Uncontrolled interior environment.....                        |  | 7           |
| 6.5.7 Fire/explosion hazard environment.....                        |  | 7           |
| 6.5.8 Environmental test methods.....                               |  | 8           |
| 6.5.9 Seismic environment.....                                      |  | 8           |
| 6.6 Transportability.....   |  | 8           |
| <b>7 Documentation</b> .....  |  | <b>8</b>    |
| 7.1 Drawings and specifications.....                                |  | 8           |
| 7.2 Technical documentation.....                                    |  | 8           |
| 7.3 Operations and maintenance documentation (OMD).....             |  | 8           |
| <b>8 Supply support</b> .....                                       |  | <b>8</b>    |

|           |  |           |
|-----------|--|-----------|
| <b>9</b>  | <b>Personnel and training</b> .....  | <b>8</b>  |
| <b>10</b> | <b>Qualification</b> .....   | <b>9</b>  |
| <b>11</b> | <b>Quality assurance</b> .....   | <b>9</b>  |
| 11.1      | General.....   | 9         |
| 11.2      | Responsibility for verification.....   | 9         |
| 11.3      | Testing.....   | 9         |
|           | 11.3.1 General.....  | 9         |
|           | 11.3.2 Load test.....  | 10        |
|           | 11.3.3 Non-destructive test (NDT).....                                       | 10        |
|           | 11.3.4 Test reports.....   | 10        |
|           | 11.3.5 Instrumentation calibration.....                                      | 10        |
| 11.4      | Quality conformance verification.....  | 10        |
| 11.5      | Checkout and maintenance.....  | 10        |
| 11.6      | Quality problems management.....   | 11        |
| <b>12</b> | <b>Packaging</b> .....   | <b>11</b> |
| 12.1      | Preservation and packaging.....  | 11        |
| 12.2      | Shipping containers.....   | 11        |
| 12.3      | Weight and size.....   | 11        |
| 12.4      | Parts protection.....  | 11        |
| 12.5      | Precision clean parts.....   | 11        |
| 12.6      | Marking.....   | 11        |
| 12.7      | Environmental recording instruments.....                                     | 11        |
| 12.8      | Transportation and storage.....  | 11        |
| <b>13</b> | <b>Design and construction requirements</b> .....                            | <b>12</b> |
| 13.1      | Structural design.....   | 12        |
|           | 13.1.1 Structural steel and other structures.....                            | 12        |
|           | 13.1.2 Safety factor.....  | 12        |
|           | 13.1.3 Critical weld.....  | 12        |
| 13.2      | Mechanical design.....   | 12        |
|           | 13.2.1 Pneumatics.....   | 12        |
|           | 13.2.2 Cryogenics.....   | 12        |
|           | 13.2.3 Hypergols.....  | 12        |
|           | 13.2.4 Hydrocarbons.....   | 13        |
|           | 13.2.5 Liquid oxidizers.....   | 13        |
|           | 13.2.6 Hydraulics.....   | 13        |
|           | 13.2.7 Environmental control system (ECS) and coolant servicing systems..... | 13        |
|           | 13.2.8 Life support.....   | 13        |
|           | 13.2.9 Lifting devices.....  | 13        |
|           | 13.2.10 Springs.....   | 13        |
|           | 13.2.11 Umbilical design.....  | 13        |
|           | 13.2.12 Torque limits.....   | 13        |
|           | 13.2.13 Tethers.....   | 13        |
|           | 13.2.14 Jacks.....   | 14        |
|           | 13.2.15 Transportation equipment.....  | 14        |
|           | 13.2.16 Pressure vessels.....  | 14        |
| 13.3      | Electrical/electronic design.....  | 14        |
|           | 13.3.1 Electrical control and monitor equipment.....                         | 14        |
|           | 13.3.2 Pneumatic and hydraulic mechanical components.....                    | 14        |
|           | 13.3.3 Internal wiring.....  | 14        |
|           | 13.3.4 Pyrotechnic systems.....  | 14        |
|           | 13.3.5 Electrical power.....   | 14        |
|           | 13.3.6 Bonding and grounding.....  | 14        |
|           | 13.3.7 Hazard-proofing.....  | 15        |
|           | 13.3.8 Lightning protection.....   | 15        |
|           | 13.3.9 Software.....   | 15        |
|           | 13.3.10 Firmware.....  | 15        |
| 13.4      | Materials, parts and processes.....  | 15        |
|           | 13.4.1 Materials.....  | 15        |
|           | 13.4.2 Parts.....  | 17        |
|           | 13.4.3 Processes.....  | 19        |
| 13.5      | Electromagnetic compatibility (EMC).....                                     | 21        |
| 13.6      | Identification markings and labels.....                                      | 21        |

|           |   |           |
|-----------|---|-----------|
| 13.6.1    | Systems and equipment.....                        | 21        |
| 13.6.2    | Load test.....                                    | 21        |
| 13.6.3    | Piping systems.....                               | 21        |
| 13.6.4    | Compressed gas cylinders.....                     | 21        |
| 13.6.5    | Load capacity.....                                | 21        |
| 13.6.6    | Test weights.....                                 | 21        |
| 13.6.7    | Electrical cable assemblies.....                  | 22        |
| 13.6.8    | Serial numbers.....                               | 22        |
| 13.7      | Workmanship.....                                  | 22        |
| 13.8      | Interchangeability.....                           | 22        |
| 13.9      | Safety.....                                       | 22        |
| 13.10     | Human performance.....                            | 23        |
| 13.10.1   | General.....                                      | 23        |
| 13.10.2   | Operating characteristics.....                    | 23        |
| 13.10.3   | Personnel force limits.....                       | 23        |
| 13.10.4   | Propellant handlers ensemble (PHE) operators..... | 23        |
| 13.11     | Security.....                                     | 23        |
| 13.12     | Redundancy.....                                   | 23        |
| <b>14</b> | <b>Checkout and maintenance requirements.....</b> | <b>23</b> |
| 14.1      | General requirements.....                         | 23        |
| 14.2      | Checkout and maintenance items.....               | 24        |
|           | <b>Bibliography.....</b>                          | <b>26</b> |
