ISO 23629-5:2023-04 (E)

UAS traffic management (UTM) - Part 5: UTM functional structure

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1
3.1 UTM constituent related terms 1
3.2 UA operation related terms 2

4 General recommendations 2

5 Classification of UTM functionalities 3
5.1 Functional categories 3
5.2 UTM functions 4
5.2.1 General 4
5.2.2 Registration function 4
5.2.3 Flight information management function 4
5.2.4 Operation plan management function 5
5.2.5 Position data management function 6
5.2.6 Reporting function 6
5.2.7 Supplemental data supply function 6

6 UTM functional structure 7
6.1 Functional structure and configuration 7
6.2 Relationships and interactions among UTM functions 8

Annex A (informative) Design models comparison of UTM frameworks and approach to determining UTM functions 10
