UAS traffic management (UTM) - Part 5: UTM functional structure

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
3.1	UTM constituent related terms	1
3.2	UA operation related terms	2
4	General recommendations	2
5	Classification of UTM functionalities	3
5.1	Functional categories	3
5.2	UTM functions	4
5.2.1	General	4
5.2.2	Registration function	4
5.2.3	Flight information management function	4
5.2.4	Operation plan management function	5
5.2.5	Position data management function	6
5.2.6	Reporting function	6
5.2.7	Supplemental data supply function	6
6	UTM functional structure	7
6.1	Functional structure and configuration	7
6.2	Relationships and interactions among UTM functions	8
Annex A (informative) Design models comparison of UTM frameworks and approach to determining UTM functions		10
