|-----------------------|--|-------------|
| Foreword .....        |  | iv          |
| Introduction .....    |  | v           |
| 1                     | Scope .....  | 1           |
| 2                     | Normative references .....                               | 1           |
| 3                     | Terms and definitions .....                              | 1           |
| 4                     | SE organizational requirements .....                     | 2           |
| 4.1                   | Phases .....   | 2           |
| 4.2                   | Participants .....                                       | 2           |
| 4.3                   | Simultaneous operations .....                            | 2           |
| 4.4                   | General modes .....                                      | 2           |
| 5                     | Planning phase .....                                     | 2           |
| 5.1                   | General .....  | 2           |
| 5.2                   | Proposal .....   | 3           |
| 5.3                   | Input data requirements .....                            | 3           |
| 5.4                   | Technical assessment .....                               | 3           |
| 6                     | Development of an SE .....                               | 5           |
| 6.1                   | Objectives and work stages .....                         | 5           |
| 6.2                   | Development of the programme and technical support ..... | 6           |
| 6.3                   | SE programme plan .....                                  | 6           |
| 6.4                   | SE procedure .....                                       | 8           |
| 6.5                   | Equipment development .....                              | 8           |
| 6.6                   | Integration of the SE into the flight programme .....    | 8           |
| 7                     | Conduct of an SE .....                                   | 9           |
| 7.1                   | General .....  | 9           |
| 7.2                   | Progress report .....                                    | 9           |
| 7.3                   | Summary report .....                                     | 9           |
| Annex A (informative) | Contents of a proposal for a space experiment .....      | 10          |
