

ISO 14621-1:2003-12 (E)

Space systems - Electrical, electronic and electromechanical (EEE) parts - Part 1: Parts management

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Terms definitions, abbreviated terms and acronyms	1
2.1	Terms and definitions	1
2.2	Abbreviated terms and acronyms	2
3	Parts management	4
3.1	Parts management process	4
3.1.1	General	4
3.1.2	Design process	5
3.1.3	Design margin	5
3.1.4	Life cycle cost	7
3.1.5	Technology insertion strategy	8
3.1.6	Technical support	8
3.1.7	System engineering support	11
3.1.8	Parts selection	12
3.1.9	Obsolescence management	13
3.2	Supplier management	13
3.2.1	General	13
3.2.2	Management processes	13
3.2.3	Information management	16
3.2.4	Internal controls	16
3.3	Shared data	17
Annex A (informative) Radiation effects		18
Annex B (informative) Parts selection checklist		22
Annex C (informative) Subcontractor/supplier management checklist		23
Annex D (informative) Shared database		39
Bibliography		45
