DIN EN 15586:2008-09 (E)

Textiles - Methods of testing the fibre proof properties of fabrics: Rubbing test

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Principle 4

5 Apparatus 4
5.1 Rubbing apparatus 4
5.2 Thickness tester 5
5.3 UV-light source 5
5.4 Magnification device 5

6 Materials 5
6.1 Protective fabric (for wadding test) 5
6.2 Additional fibres (for wadding test) 5

7 Atmosphere for conditioning and testing 5

8 Preparation of test cushions 5
8.1 Specimens for testing loose fibres as filling material 5
8.2 Specimens for testing wadding 8

9 Procedure 12

10 Test report 13
