DIN EN ISO 15324:2008-07 (E)

Corrosion of metals and alloys - Evaluation of stress corrosion cracking by the drop evaporation test (ISO 15324:2000)

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Principle 5

5 Apparatus 5

6 Test specimen 6

7 Test solution 7

8 Procedure 7

9 Test report 8

Annex A (informative) Drop rate control 9

Annex B (informative) Surface temperature measurement 10

Annex C (informative) Surface texture parameters -- relevance to stress corrosion cracking 11

Bibliography 12
