DIN EN ISO 15796:2008-11 (E)

Gas analysis - Investigation and treatment of analytical bias (ISO 15796:2005)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Terms and definitions 5

3 Symbols 7

4 Bias related to instrumental drift 8
4.1 Principle 8
4.2 Stability monitoring 8
4.3 Drift correction 10

5 Bias related to effects of sample composition 14
5.1 Principles 14
5.2 Local bias handling 15
5.3 Bias handling for an extended measuring range 27

6 Treatment of matrix interferences 31

Annex A (normative) Critical values for the trend test 33

Annex B (informative) Uncertainty issues 34

Bibliography 37
