DIN EN ISO 10765:2010-12 (E)

Footwear - Test method for the characterization of elastic materials - Tensile performance (ISO 10765:2010)

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Apparatus and materials 5

5 Sampling and conditioning 5
5.1 Sampling 5
5.2 Conditioning 6

6 Procedure 6

7 Expression of results 7
7.1 General 7
7.2 Modulus 7
7.3 Elastic gradient (EG) 8
7.4 Limit of useful extension (LUE) 8
7.5 Maximum extension resistance 9
7.6 Calculating extension at break point 9

8 Test report 10
