

DIN EN ISO 10765:2010-12 (E)

Footwear - Test method for the characterization of elastic materials - Tensile performance (ISO 10765:2010)

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	Apparatus and materials	5
5	Sampling and conditioning	5
5.1	Sampling	5
5.2	Conditioning	6
6	Procedure	6
7	Expression of results	7
7.1	General	7
7.2	Modulus	7
7.3	Elastic gradient (EG)	8
7.4	Limit of useful extension (LUE)	8
7.5	Maximum extension resistance	9
7.6	Calculating extension at break point	9
8	Test report	10
