|-----------------|---|-------------|
| Foreword .....  |   | 3           |
| 1               | Scope .....                                   | 4           |
| 2               | Normative references .....                    | 4           |
| 3               | Terms and definitions .....                   | 4           |
| 4               | Principle .....                               | 4           |
| 5               | Apparatus .....                               | 4           |
| 6               | Test specimens .....                          | 5           |
| 6.1             | Sampling .....                                | 5           |
| 6.2             | Dimensions .....                              | 5           |
| 6.3             | Preparation of the adhesive film .....        | 5           |
| 7               | Conditioning .....                            | 6           |
| 7.1             | Preliminary conditioning .....                | 6           |
| 7.2             | Conditioning .....                            | 6           |
| 8               | Procedure .....                               | 6           |
| 8.1             | Pass/fail test .....                          | 6           |
| 8.2             | Determination of cold crack temperature ..... | 7           |
| 9               | Expression of results .....                   | 7           |
| 9.1             | Pass/fail test .....                          | 7           |
| 9.2             | Cold crack temperature .....                  | 7           |
| 10              | Test report .....                             | 7           |
