

DIN EN ISO 1927-1:2012-11 (E)

Monolithic (unshaped) refractory products - Part 1: Introduction and classification (ISO 1927-1:2012)

Contents		Page
Foreword		3
Introduction		4
1 Scope		5
2 Normative references		5
3 Terms and definitions		5
4 Product types and methods of placement		6
4.1 Refractory castables		6
4.2 Refractory gunning materials		7
4.3 Refractory ramming materials		7
4.4 Refractory jointing materials		7
4.5 Other monolithic (unshaped) refractory products		7
5 Type of chemical composition		8
5.1 Alumina-silica products		8
5.2 Basic products		8
5.3 Special products		8
5.4 Carbon-containing products		8
6 Classification		8
6.1 General		8
6.2 Main raw material		8
6.3 Classification temperature		9
7 Designation of a monolithic (unshaped) refractory material		10
Bibliography		13
