

DIN EN ISO 1927-1:2012-11 (E)

Monolithic (unshaped) refractory products - Part 1: Introduction and classification (ISO 1927-1:2012)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Product types and methods of placement	6
4.1	Refractory castables	6
4.2	Refractory gunning materials	7
4.3	Refractory ramming materials	7
4.4	Refractory jointing materials	7
4.5	Other monolithic (unshaped) refractory products	7
5	Type of chemical composition	8
5.1	Alumina-silica products	8
5.2	Basic products	8
5.3	Special products	8
5.4	Carbon-containing products	8
6	Classification	8
6.1	General	8
6.2	Main raw material	8
6.3	Classification temperature	9
7	Designation of a monolithic (unshaped) refractory material	10
