DIN EN ISO 13015:2013-12 (E)

Woven fabrics - Distortion - Determination of skew and bow (ISO 13015:2013)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Principle 5

5 Apparatus 5

6 Conditioning and testing atmosphere 6

7 Test specimens 6

8 Procedure 6
8.1 General 6
8.2 Preparation by marking 6
8.3 Preparation by fraying 6
8.4 Determination of the overall skew and local skew 6

9 Calculation and expression of the results 10
9.1 Calculation for the overall skew 10
9.2 Calculation with two triangles for local skew 10
9.3 Calculation with three triangles for local skew 11

10 Test report 11

Annex A (normative) Weft bow and warp bow determination 12
