

DIN EN 13477-1:2013-11 (E)

Non destructive testing - Acoustic emission - Equipment characterisation - Part 1: Equipment description

Contents		Page
Foreword	3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	Detection	4
4.1	Sensing element	4
4.2	Sensor case	5
4.3	Sensor characteristics	5
5	Signal conditioning	5
5.1	Preamplifier	6
5.2	Cables	6
5.3	Post-amplification and frequency filtering	6
6	Signal measurement	6
6.1	Continuous signal	6
6.2	Burst signal	7
6.3	Waveform	7
7	Analysis and output of results	8
8	Automated system	8
8.1	Automated analysis	8
8.2	Feedback to a control or alarm system	8
