

DIN EN 13477-1:2013-11 (E)

Non destructive testing - Acoustic emission - Equipment characterisation - Part 1: Equipment description

Contents		Page
Foreword		3
1 Scope		4
2 Normative references		4
3 Terms and definitions		4
4 Detection		4
4.1 Sensing element		4
4.2 Sensor case		5
4.3 Sensor characteristics		5
5 Signal conditioning		5
5.1 Preamplifier		6
5.2 Cables		6
5.3 Post-amplification and frequency filtering		6
6 Signal measurement		6
6.1 Continuous signal		6
6.2 Burst signal		7
6.3 Waveform		7
7 Analysis and output of results		8
8 Automated system		8
8.1 Automated analysis		8
8.2 Feedback to a control or alarm system		8
