Foreword 3

Introduction 4

1 Scope 5

2 Normative references 6

3 Principle 6

4 Materials 8

5 Apparatus 8

6 Scheme of the configuration 10

7 Procedure 11
7.1 Control of the apparatus 11
7.2 Operation of the apparatus 12

8 Expression of results 15
8.1 Uncertainty 15
8.2 Test report 15

Annex A (informative) Example of application 16

Annex B (informative) Procedure for Setting Valve timings and Restrictor Setting 26

Bibliography 28
