Foreword iv

Introduction v

1 Scope 1

2 Normative references 2

3 Principle 2

4 Materials 4

5 Apparatus 4

6 Schemeoftheconfiguration 6

7 Procedure 7
7.1 Control of the apparatus 7
7.2 Operation of the apparatus 8

8 Expression of results 11
8.1 Uncertainty 11
8.2 Test report 11

Annex A (informative) Example of application 12

Annex B (informative) Procedure for Setting Valve timings and Restrictor Setting 22

Bibliography 24
