|-----------------------|---|-------------|
| Foreword .....        |   | 3           |
| 1                     | Scope .....   | 5           |
| 2                     | Normative references .....  | 5           |
| 3                     | Terms and definitions .....   | 5           |
| 4                     | Principle .....   | 6           |
| 5                     | Reagents .....  | 6           |
| 6                     | Apparatus .....   | 6           |
| 7                     | Preparation of test specimens .....   | 12          |
| 7.1                   | General .....   | 12          |
| 7.2                   | First subsample .....   | 12          |
| 7.3                   | Second subsample .....  | 12          |
| 8                     | Procedure .....   | 13          |
| 8.1                   | General .....   | 13          |
| 8.2                   | Filling of the graduated cylinders .....  | 13          |
| 8.3                   | Shaking the graduated cylinders .....   | 14          |
| 8.4                   | Washing .....   | 14          |
| 8.5                   | Measurements .....  | 15          |
| 9                     | Calculation and expression of results .....   | 16          |
| 10                    | Test report .....   | 17          |
| 10.1                  | Required data .....   | 17          |
| 10.2                  | Optional data .....   | 17          |
| Annex A (normative)   | Procedure for the determination of the sand equivalent value of the 0/4 mm fraction ..... | 18          |
| Annex B (informative) | Example of a test data sheet .....  | 19          |
