## Nanotechnologies - Vocabulary - Part 12: Quantum phenomena in nanotechnology

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1 <b>Scope</b> .....		1
2 <b>Terms describing (or related to) general quantum concepts</b> .....		1
3 <b>Terms related to basic quantum effects</b> .....		3
4 <b>Terms describing size-dependent quantum effects</b> .....		4
5 <b>Terms related to structural organization</b> .....		5
6 <b>Terms associated with quantum effects</b> .....		6
<b>Annex A (informative) Some current terms in classical and quantum physics</b> .....		8
<b>Annex B (informative) Mapping between terms and some applications and products in nanotechnologies</b> .....		9
<b>Annex C (informative) Index</b> .....		11
<b>Bibliography</b> .....		12
