| European foreword ..... |  | 3           |
| Foreword .....          |  | 4           |
| 1                       | Scope .....                                    | 5           |
| 2                       | Normative references .....                     | 5           |
| 3                       | Principle .....                                | 5           |
| 4                       | Apparatus .....                                | 5           |
| 4.1                     | Funnel .....                                   | 5           |
| 4.2                     | Container .....                                | 5           |
| 4.3                     | Stand and horizontal vibration-free base ..... | 5           |
| 4.4                     | Sieve .....                                    | 6           |
| 4.5                     | Balance .....                                  | 6           |
| 4.6                     | Stopwatch .....                                | 6           |
| 4.7                     | Glove .....                                    | 6           |
| 4.8                     | Level meter .....                              | 6           |
| 5                       | Sampling .....                                 | 9           |
| 6                       | Test method .....                              | 10          |
| 7                       | Calculation .....                              | 10          |
| 8                       | Test report .....                              | 11          |
| Bibliography .....      |  | 12          |
