DIN EN 15470:2017-09 (E)

Liquefied petroleum gases - Determination of dissolved residues - High temperature Gas chromatographic method

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Principle 4

5 Reagents 5

6 Apparatus 5

7 Sampling 5

8 Procedure 6
8.1 Safety 6
8.2 Sample transfer procedure 6
8.3 Evaporation procedure 7
8.4 Gas chromatography analysis of the residue 7
8.4.1 Preparation of the internal standard solution A 7
8.4.2 Determination of the blank 8
8.4.3 Sample analysis 8

9 Calculations 8

10 Expression of results 8

11 Precision 9
11.1 General 9
11.2 Repeatability, r 9
11.3 Reproducibility, R 9

Annex A (normative) Equipment for sample transfer and evaporation 10

A.1 Sampling set 10
A.2 Venting lines 10

Annex B (informative) Examples of gas chromatograms 12
