

# ISO 91:2017-05 (E)

## Petroleum and related products - Temperature and pressure volume correction factors (petroleum measurement tables) and standard reference conditions

---

Contents	Page
Foreword .....	iv
Introduction .....	v
1 Scope .....	1
2 Normative references .....	2
3 Terms and definitions .....	2
4 Sources and usage guidelines for volume correction factors .....	2
4.1 Source of volume correction factors .....	2
4.2 Usage guidelines .....	3
Annex A (informative) Changes to previous standards .....	5
Annex B (normative) Standard reference conditions .....	7
Annex C (informative) Titles of petroleum measurement tables given in the API-ASTM-IP- GPA standards for volume correction factors .....	8
Annex D (informative) Other volume corrections factors standards .....	14
Bibliography .....	15
