Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms,definitionsandabbreviatedterms 1
3.1 Terms and definitions 1
3.2 Abbreviated terms 3

4 Sample preparation methods 3
4.1 Ball mill cutting 3
4.2 Dispersion method 3
4.3 Sample preparation for SEM 3
4.4 Alternative sample preparation method 3

5 Experimental procedure 4
5.1 Measurements of the SBPL using SEM 4
5.1.1 SEM 4
5.1.2 Measurement methods for the SBPL 4
5.2 Measuring inner and outer diameters of MWCNTs using TEM 5

6 Test report 5

Annex A (normative)FormulaefortermsanddefinitionsinClause 2, Annex B, Annex C and Annex D 6

Annex B (informative) Viscometry 11

Annex C (informative) Dynamic light scattering and depolarized dynamic light scattering 12

Annex D (informative) Case study and reports 14

Bibliography 18
