## Vitreous and porcelain enamels - Preparation of samples and determination of thermal expansion coefficient

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Apparatus .....	1
5	Requirements for the test specimen .....	1
6	Preparation of the test specimens .....	2
6.1	General .....	2
6.2	Production by casting .....	2
6.3	Production by drawing out of the melt .....	2
6.4	Production by sintering .....	3
7	Determination of the thermal expansion coefficient .....	3
8	Calculation and indication of the results .....	4
9	Test report .....	4
Annex A (informative) Metallic casting mould .....		5
Annex B (informative) Drawing from the melt .....		6
