## Nuclear energy - Determination of chlorine and fluorine in uranium dioxide powder and sintered pellets

---

| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| Introduction ..... |   | v           |
| 1                  | Scope .....                                       | 1           |
| 2                  | Normative references .....                        | 1           |
| 3                  | Terms and definitions .....                       | 1           |
| 4                  | Principle .....                                   | 1           |
| 5                  | Reagents .....                                    | 1           |
| 6                  | Apparatus .....                                   | 3           |
| 7                  | Procedure .....                                   | 5           |
| 7.1                | Calibration .....                                 | 5           |
| 7.1.1              | Ion chromatography calibration .....              | 5           |
| 7.1.2              | Millivoltmeter calibration .....                  | 5           |
| 7.2                | Sample pyrohydrolysis .....                       | 6           |
| 7.2.1              | Blank test .....                                  | 6           |
| 7.2.2              | Uranium dioxide powder sample .....               | 7           |
| 7.2.3              | Uranium dioxide pellet sample .....               | 7           |
| 7.3                | Measurement of pyrohydrolysis solutions .....     | 8           |
| 7.3.1              | Ion chromatography measurement .....              | 8           |
| 7.3.2              | Measurement with an ion-selective electrode ..... | 8           |
| 8                  | Expression of results .....                       | 8           |
| 8.1                | Calculation .....                                 | 8           |
| 8.2                | Validation limits .....                           | 10          |
| 8.3                | Determinations limits .....                       | 10          |
| 8.4                | Determination uncertainty .....                   | 10          |
| 9                  | Test report .....                                 | 10          |
| Bibliography ..... |   | 12          |
